Last Sunday the Salmon traveled to Fox River Grove, IL and met the McHenry County Independants for a match of base ball.

Both clubs were scoreless until the third inning when the Independants took the lead. The Salmon came back quickly, though, and were able to tie up the score in the fourth thanks to some fine base running by Doc and Strings.

A triple by Lawman in the fifth tallied another ace, and a Lawman- Rye Bread double play helped keep the Independants at bay in the sixth. A Razor double tallied two more aces in the eighth, and things were looking pretty

good for the Salmon until the defense got slippery in the ninth.

The Independants started to rally, but after four aces were tallied off multiple Salmon muffs, GusBus was able to *finally* make the last hand and secure the match in the favor of the Salmon.

Many thanks to Razor, Sketch, and Flapjack for filling in as umpires, as well as to the Special Events Committee of Fox River Grove for the kind invitation. Hip, hip, hurrah!

Quotes from the Manager

(Mark "Razor" Uittenbogaard)

The Salmon were working together on defense swimmingly until the 9th, when we ran into a huge dam.

Fortunately we were able to leap over with our last remaining effort and secure the win!

For my next game I will work on hitting the ball fair during batting practice!

Up to Bat

AUG 04 On Sunday, August 4th the Salmon are returning to beautiful Big Ball Park in Riverside, IL, thanks to the kind invitation of the Frederick Law Olmstead society. Olmstead, the father of American landscape architecture, designed most of the Riverside community in the early days of base ball, making the match as historically appropriate as it is fun! The Salmon won at Riverside for the past two years. Come on out to the park at 1:00pm to see if they can continue their streak!
